## Who needs them?

\***Staff ages 16-17** are required to provide working papers.

*CITs (age 15) are NOT required to provide working papers.*

## How do I get them?

→ **NY residents:** Ask your school's front office or guidance about applying for working papers.

→ **Out of state residents:** New York requires you to apply for NY working papers, even if you live in another state. *Any* school in NY state is required to accept and process working papers, even if you don't go to that school.

If it is not feasible for you to get to a NY public school, **Ten Mile River will help you acquire working papers.** Follow the link below:
