

A group of hikers is seen from behind, walking along a dirt trail in a dense forest. They are carrying large blue and green backpacks, suggesting a multi-day trek. The forest is lush with green trees and undergrowth. The text "HIKING AT TMR: DAY HIKE TO BACKPACKING TREKS" is overlaid in large white letters across the center of the image.

TMR TRAIL-WORK PIN

Your Scouts can earn a new award pin after a few hours of trail-work at TMR. The Ten Mile River Scout Museum is issuing this free pin as part of the Ten Mile River Historical Trails award program. Individuals that earn the trail medal can wear the pin on its ribbon.

There are two ways to earn the new “trail-work” pin:

- **Complete an assigned project with a minimum of six hours of trail-work over a single weekend during TMR’s off-season or a week during TMR summer camp. The six hours does not include traveling to or from the trail-work site.**
- **While completing the 10-mi. hiking requirement for the Ten Mile River Historical Trails award, complete a minimum of three hours of trail-work along the hike route. This could be either an assigned project or general maintenance trail-work.**

Typical trail-work projects include: erecting trail markers, removing or cutting downed trees, trimming excessive vegetation & low-hanging branches, removing branches from the trail, filling in or constructing bridges in muddy sections. Picking up litter along the trail is NOT an acceptable project.

TMR TRAIL-WORK PIN

Troops intending to earn this award pin during a weekend campout at TMR should notify the Director of TMR or the GNYC Camping Department well in advance, so that sufficient wood tools, supplies and an assigned project will be provided once they arrive in camp.

Troops intending to earn this pin during TMR summer camp should notify their camp staff while in camp, so that sufficient wood tools and supplies will be provided. A list of needed trail-work projects will be provided upon request.

This pin can be earned whenever TMR is open for camping, weather permitting. After completing the trail-work, the Troop will submit to the Museum an application form and a minimum of six GPS-tagged photos, documenting the trail-work. Pin applications can be submitted directly to the Museum at TMR when it is open or through the mail the rest of the year.
