Medical

At GNYC, we take safety as our highest priority. The mental, physical, and social health of our campers are of the utmost importance. Any questions can be sent to sdellosso@tenmileriver.org.

Health and Medical Record

An official Scouting America medical form is required and must be completed prior to your arrival. Parts A and B only are required for this event. You may [find the medical form here](#).

Camp Nurse

A registered nurse will serve as the camp medical officer.

Important Notes:

- ★ Only the official Scouting America Medical Form (Parts A&B) will be accepted; no other types of physical will qualify. Please bring a hard copy of the completed form with you.
- ★ All youth not camping with their troop must give any medication, either prescription or OTC, to the nurse during check-in.

All youth camping with a troop will have the designated Adult Leader hold their meds and at the applicable times provide and oversee the self-administration of the Scout's medication.

Medication

All youth requiring medication, both prescription and OTC, must:

- ★ Bring medication IN THE ORIGINAL CONTAINER, stating the name of the medication, frequency, and dosage.
- ★ Bring only the amount of medication needed for the event.

In order to maintain instructional integrity, there are capacity limits on badges. We do not change the class capacities, so please register early to ensure your Scouts get their first preference in badges.

A walkthrough for [how to register for badges is available here](#).

Merit Badge Reporting

- Navigate to your registration. Notice the tabs along the top:
 - Click on the “Reports” tab
- All reports are available here.
 - For individual Scouts, we recommend downloading and printing:
 - *Blue Cards–Plain Paper*, a PDF version of the partial or complete you can give to your Scoutmaster
 - For troops, we recommend downloading:
