Merit Badge Prerequisites:

**Available
Now!**

We are excited to roll out our **“Proof of Completion”** documents for all badges that have prerequisites (*requirements that cannot be completed during your week at camp*).

These documents show Scouts which requirements need to be completed and gives them guidance to support their work, as well as places to show their work or get a signature if needed.

Scouts should download or be given the Proof of Completion document for each badge they are taking. They should come to camp with the documents filled out.
